

There are a lot of exciting changes on the horizon for the Club this year. However, there will be an impact on Members as a result. Please read below to learn about what the facility renovations will mean for your outdoor tennis season at the Tecumseh Tennis Club in 2024.

Q: When will the Club open this year?

A: The final stages of the renovations are underway at the Club. We are tentatively planning to open the Club during the week of July 22, 2024.

Q: What work is the Club getting done?

A: The work includes full reconstruction of all four tennis courts, fixing the drainage issues, leveling out the surface under the shelter, replacement of fencing, and removal of the existing light poles and installing brighter LED flood lighting. The City of Mississauga is managing the renovations at the Club.

Q: Will a clubhouse be built since renovations will already be happening?

A: No. Building a clubhouse is a large project that will require a separate approval from the City of Mississauga and will need to be 100% funded by the Club. This project will be part of the Board's longer-term planning for the Club.

Q: When does member registration open?

A: We are planning to open registration to returning members on July 8, 2024. New members can join starting July 15, 2024. Information on how to register will be found on the Club's [website](#) when it becomes available.

Q: Will member fees be reduced due to the Club opening later in the season?

A: Yes. Since the season has been disrupted due to construction, the Executive Board is pleased to offer a discount on membership fees for 2024. Membership types and associated fees can be found on the [website](#).

There are several benefits of joining the Club for the shortened season:

- *Ensuring 'returning member' status, which gives you priority to register for the 2025 season;*
- *Ability to book private lessons with our Tennis Director;*
- *Ability to participate on our Club's league teams (all matches will be held "away" for the first half of the season);*
- *Invitation to attend our grand opening celebration with our local MPP and representatives from Ontario Trillium Foundation.*

Q: Will your Tennis Director, Steve Theodoropoulos, be teaching before the Club opens? Can I still take lessons from him, but elsewhere?

A: Please reach out to Steve directly at clubpro.tecumsehtennis@gmail.com to discuss options.

If you have any additional questions that are not addressed here, please send an email to tecumsehtennis@gmail.com
